November 10, 2020

Dear MSA Members,

In response to the ongoing COVID-19 pandemic and following the provincial health authorities' recommendations announced today, the Manitoba Soccer Association (MSA) has suspended all in person sanctioned soccer activities for the entire province, effective immediately.

In person sanctioned soccer activities will be suspended in Manitoba until at least December 10th, 2020.

We will make an announcement the first week of December with the hope to start training in early January 2021. This will be dependant on being in Level Orange (Restricted) of the #RestartMB Pandemic Response Level System.

We want to remind everyone that MSA in person sanctioned activities include, but are not limited to, all competitions, all league play, training, coach and match official education, and team building activities. We do encourage our Members to continue to provide virtual solutions to the players, coaches, and referees.

The MSA office will remain closed during this period, but staff will be available through email and phone to assist as much as possible.

We urge the Manitoba soccer community to please follow the guidelines set forth by the provincial health authorities. We will not be able to return to the pitch without everyone working together in our province.

Please be safe.

Héctor Vergara
Executive Director
